Duration	★★★

APPLICATION

Concrete	★★★★
Stone	★★★
Quarry	★★
Granite	★
Masonry	★★★★
Bricks	★★★★

DESCRIPTION

Shank : Cylindrical shank, reduced.

Precision : Squared tip for a better centering.

Long lasting : High grade carbide for a longer lasting of the drill bit.

Finishing : New finishing anti rust.
Speed : Deeper grooves that improve the evacuation of dust and making more efficient the hammer drill.

Norms : ANSI - NF ISO 5468 - DIN 8039
