

# TELESCOPING POLE

## Ninja™ Pole Tool

- **The one pole that does it all!**
- Available in adjustable sizes 4' to 24'
- More comfortable than any other pole tool on the market with Non slip insulated rubber comfort grip
- Fits Viper® (I,II,III), Sniper®, Nitroset® and Ninja™ forced entry ceiling tool systems. Also fits Viper IV with an adapter.
- Any trigger operated PAT tool can be utilized with push fire™ attachment
- Multiple attachment configurations on the same pole makes you or your crew more productive. See what the Ninja pole allows you to install safely from the floor:
  - Eye lag screws
  - Purlin Clips
  - Install screws
  - J-hooks
  - Ceiling wire
  - Jack chain
  - Threaded rod
